Københavns første klimatilpassede byrum - Tåsinge Plads

8000 m2 byrum fra asfalt til ophold og leg

MALMOS
LANDSCAPE ARCHITECTS

Tåsinge Plads

The plan shows a central green area with a forest (Regnskoven) and a sunken square (Torvet). The sunken square (Torvet) is a central feature, surrounded by a low wall and containing a large tree. The sunken garden (Solskrænten) is a large, open area with a low wall and a large tree. The plan includes various features like trees, paths, and seating areas, with elevation points marked throughout.

Tåsinge Plads

The plan shows a central green area with a forest (Regnskoven) and a sunken square (Torvet). The sunken square (Torvet) is a central feature, surrounded by a low wall and containing a large tree. The sunken garden (Solskrænten) is located to the left of the square and contains a large tree and a small building. The plan also shows a parking area with several cars and a bus stop. The surrounding streets are labeled: Tåsingegade, Regnskovvej, and Solskræntenvej. The plan includes various features like trees, paths, and seating areas, with elevation points marked throughout.
